[XXVIth YEAR.] THE [No. 1310]

MARYLAND GAZETTE.

THURSDAY, OCTOBER 18, 1770.

CONSTANTINOPLE, *June* 30.

SEVERAL Letters here, of good Authority, aſſure, that the Ruſſians having pretended to quit Walachia, a Body from the Turkiſh Army went to take Poſſeſſion of it, but the Muſcovites turning ſuddenly upon them, cut the whole Corps to Pieces. The Turkiſh Admiral too has been ſo roughly handled in the late Engagement between him and the Ruſſians, that his Ship will not bear repairing. Two or Three more Veſſels of his Squadron were ſunk, and the reſt are fled.

HAMBURGH, *July* 10. According to Letters from Hanover, the Duke of Glouceſter, who is gone to drink the Waters of Pyrmont, propoſes to repair from thence to the Camp of Moravia, to ſee the Troops perform their Exerciſe before the Emperor.

LONDON,

July 25. The Appointment of a new Miniſtry ſtill hinges on what has been before alledged, the too great Demands of a certain Nobleman; but thoſe who have a Change moſt at Heart, are in Hopes of removing the Impediment by Degrees.

Lord Chatham, when Paymaſter of the Army, diſdained to improve his Fortune by keeping the Nation's Money in his Hands. Poor Man! he knew nothing of adding Plumb to Plumb by a judicious and dexterous Management of the Nation's great *Hazard Table*, called the *Stocks*. As ſoon as Lord Chatham received Monies he paid them into ſuch Hands as were moſt liable to account immediately for them.

Continental Politicians pretend to ſay, that the preſent Manœuvre of the King of Pruſſia will certainly, in the End, draw many of his Neighbours into a Conteſt.

Auguſt 1. Letters from Berlin import, that ſeveral Pruſſian Ship Carpenters, &c. were preparing to embark from Embden for Dantzick, where his Majeſty intends to eſtabliſh a Dock-Yard, to which the Magiſtrates of that City had been forc d to give Aſſent.

Auguſt 2. Yeſterday came on, before Lord Chief Juſtice Mansfield, the Cauſe between Mr. Onſlow and Mr. Horn, when the Jury acquitted him of the Two pretended Libels, and only found him guilty of ſome Words charged to have been ſpoken at a County Meeting in Epſom, and ſolely on that Account gave 400 l. Damages.

The only Evidence of the *Words*, was, Phineas Cotes, Eſq; and ——— Philpot, Eſq; who dared to avow, that although he was no Freeholder, he was prevailed upon by Mr. Onſlow to attend the Epſom Meeting to report what paſſed. Theſe Two Gentlemen, however, ſcarcely agreed in any Thing.

The original Charge of the corrupt Offer of 1000 l. was not attempted to be diſproved by any Evidence. The Jury was ſpecial; but as Lord Mansfield had commanded their Attendance at Eight in the Morning, and came into Court at Half after Seven, when they were immediately impannelled, only Seven attended, and Five Taleſmen were taken.

It is remarkable that the *Words*, for which the Damages were given, are no Part of the firſt Charge, and, in the Opinion of the ſoundeſt Lawyers, not actionable: A Motion will therefore be made the enſuing Term in arreſt of Judgment, and it is given out that a Proſecution will be commenced by Mr. Onſlow againſt Mrs. Smith and Mrs. Burne, to whom this famous Letter was addreſſed.

Auguſt 4. It is ſaid an Expreſs is arrived with an Account of a general Engagement between the Turkiſh and Ruſſian Armies, which laſted Fourteen Hours. For the firſt Twelve Hours the Victory was doubtful; but at laſt the Turks gave Way, after, as reported, having loſt 100,000 Men.

By Advice from Liſbon we learn, that a preternatural Motion of the Earth was felt there on the 15th of laſt June, which ſhook ſeveral Edifices, but was not attended with any bad Conſequences. The Phænomenon happened at Four o'Clock in the Afternoon, and was preceded by a dead Calm.

Orders have been tranſmitted from the French Court to the Commander of the Squadron now before the Port of Tunis, to bombard that Capital, if the Dey refuſes to give ample Satisfaction for the Injuries offered to the Subjects of France, or her Allies.

By a Gentleman juſt arrived from Norfolk in Virginia, we are informed, that a Merchant not far from that Place imported there 10,000 Guineas from England; and after making no leſs than 15 per Cent. of them, found Means to collect them all again, and remit them back in leſs than Six Months.

Some of the principal Courts in Europe have no Britiſh Ambaſſador reſiding in them. Sir James Gray has returned from Madrid, Mr. Lyttleton from Liſbon, Sir John Goodricke from Stockholm, and Mr. Murray from Conſtantinople.

Yeſterday was married at St. James's Church, by the Reverend Mr. Coome of Philadelphia, John Foxcroft, Eſq; Deputy Poſtmaſter-General of North-America, to Miſs Oſgood of King-Street, St. James's.

CHARLES-TOWN, *(S. Carolina) Aug.* 27.

Purſuant to an Advertiſement of the General Committee, publiſhed in our laſt, there was, on Wedneſday laſt, a full Meeting of the Inhabitants, at LIBERTY-TREE, who, after chuſing John Huger, Eſq; Chairman for the Day, entered on the Buſineſs for which they were called together, but not being able to go through the ſame that Afternoon, they adjourned to Three o'Clock in the Afternoon of the next Day, when they accordingly met, and came to the following RESOLUTIONS, viz.

I. That the Reſolutions entered into by the Inhabitants of the Colonies, againſt the Importation of Goods from Great-Britain, are ſafe, peaceable and conſtitutional; and if perſiſted in, we have the ſtrongeſt Reaſon to believe, would be productive of every ſalutary Purpoſe deſigned by them; and therefore ought to be conſidered as an irreſiſtable Barrier againſt every Aſſault upon our Liberties.

II. That the Breach of the Agreement for Non-importation of Goods from Great-Britain, by the Merchants and Traders in New-York, is a ſcandalous Revolt from the common Cauſe of Freedom; by which Proceedings, they have attempted to weaken our Union, and ſully the Character of America, villified their own Reputations, and given the ſtrongeſt Temptations in their Power to our unfeeling Enemies to proſecute their malicious Deſign of enſlaving our Country.

III. That ſhould the preſent miniſterial Plot againſt our common Liberty be accompliſhed; or ſhould this Bait thrown out by New-York, give Encouragement for a more extenſive Plan to deſtroy every conſtitutional Right; whatever Fatality may happen in Conſequence thereof, ought to be chargeable principally to this Defection of a prevailing Party in that City.

IV. That in order to declare to the World our Deteſtation of the late abominable Meaſure entered into by that prevailing Party, we will break off all commercial Intercourſe and Dealings with New-York, until they properly atone for their treacherous Separation from their Countrymen, by returning to their former Agreement, and re-ſhipping the Goods imported contrary thereto, to the Places from whence they came; provided, that except in Caſes where Goods have been ordered which cannot be countermanded, every Inhabitant of this Province who has Effects at New-York, may have Liberty to remove them from thence in Specie or Bills of Exchange only.

V. That the Reſolutions entered into by this Province againſt the Colonies of Rhode-Iſland and Georgia on the 27th of June laſt, ſhall not extend to Veſſels which were at leaſt One Half owned in this Province at that Time, ſo far as to prevent their entering our Ports in Ballaſt, to load with the Commodities of this Country, for any other Ports not excepted to by our Reſolutions.

VI. That all European and Eaſt-India Goods hereafter brought into this Province contrary to the general Reſolutions, from any Place whatever, ſhall not be ſtored, but immediately re-ſhipped, to the Places from whence they were imported.

It is very remarkable, and ſome odd Conjectures are formed from the Arrival of a Number of Spaniſh Veſſels, all at once, in the ſeveral Ports of this and the neighbouring Provinces, viz. One at Sunbury and One at Savannah, the only Port in Georgia; One at Beaufort, Port-Royal, Two here, and One at Georgia-Town, Winyah, all the Ports in this Province; and perhaps ſome may be alſo arrived in every Port Northward of us. They are all from Campeachy, and the Number ſailed from thence for this Continent, at One Time, is, by ſome, ſaid to be 17, by others no leſs than 30. A Famine dreaded throughout the Spaniſh Provinces in and near the Gulph of Mexico, where a 13 Months Drought is ſaid to have prevailed, is the Pretence for their viſiting theſe Parts, in Queſt of Proviſions; but does not their entering every Port look ſuſpicious? We know not what is doing at the Havanna—we know, that the Spaniards have tampered lately with the Creek and other Indians—we know the State of all the Fortifications in this Province—and we know, that the Spaniards do not allow theirs to be viewed, and the Navigation of their Rivers to be explored, by Foreigners.

Province of MASSACHUSETTS-BAY, *Sept.* 27, 1770.

Yeſterday the Great and General Court, or Aſſembly of this Province, met at Havard College, in Cambridge, being the Time and Place to which they were prorogued: The Council and Houſe adjourned to this Morning at Ten o'Clock, when his Honour was pleaſed to make the following SPEECH to both Houſes, viz.

Gentlemen of the Council, and Gentlemen of the Houſe of Repreſentatives,

IT is now become, in ſeveral Reſpects, more neceſſary for the General Court to proceed upon the Buſineſs of the Province than it was when I met you in your Two laſt Seſſions. Many of our Laws, which have been of great Utility, are expired, ſome for the Puniſhment of criminal Offences, others which affect the Courſe of our judicial Proceedings, and the People call for the Riviral of them. There are other Affairs depending, of a very intereſting Nature, which had not then come to our Knowledge, and which may be determined before we can have any Opportunity of acting upon them. The Council thought it not adviſeable for me to prorogue the Court to a further Time. Their Opinion and Advice, which always have Weight with me, induced me to call you together rather ſooner than I had before intended.

Purſuant to my Inſtructions, and the eſtabliſhed Practice, I cauſed the Acts and Doings of the General Court, at the Seſſion in March laſt, to be tranſmitted to England by the firſt Opportunity. Particular Notice has been taken of a Grant made in that Seſſion to a Number of Perſons who had ſettled upon Lands in the Eaſtern Part of the Province, and, it appearing that other Perſons had alſo begun Settlements Eaſtward of Sagadahoc, ſome under Colour of Grants from the General Court, notwithſtanding that by the expreſs Terms of the Charter ſuch Grants *are of no Force, Validity, or Effect, until approved by the Crown*; others without any Colour of Grant or Title whatſoever; theſe Settlements are deemed of great Importance in various Lights, but in none more ſo than in that of the Encouragement they have given to the Waſte and Deſtruction of the King's Timber, which is a Matter of the moſt ſerious Conſideration, in Reſpect of the Naval Strength of the Kingdom. It is made my Duty to inform you, that, as the Remedy for this great Miſchief ought properly, and can only effectually come from the Province, within whoſe Juriſdiction the Lands lie, it is expected all Treſpaſſers ſhould be proſecuted: And, I am further to inform you, that the neglecting to exert every legal Means to remove and prevent all unwarrantable Intruſions will be imputed as a Default, for which the Province will ſtand reſponſible. From a Senſe of my Duty to the King, and from Regard to the Intereſt of the Province, I muſt deſire you to take this Affair into your Conſideration, and do what is neceſſary on your Part. I will aſſiſt and concur with you to the utmoſt of my Power.

Gentlemen of the Houſe of Repreſentatives,

In order to conform to the Laws of the Province, and to maintain the publick Faith, it was neceſſary the Treaſurer ſhould iſſue his Warrants, for the Aſſeſſment of the whole Province Debt in the current Year. If theſe Warrants have not been ſo far executed as to render any Alteration impracticable, and you ſhall be of Opinion, that the Burden will be too great for the People to bear, I am willing to conſent to an Act for affording the neceſſary Relief, by eaſing the preſent Year of Part of this Tax, and charging the ſame Sum upon a future Year.

A State of the Treaſury will be laid before you, by which it will appear that a Supply will be neceſſary. Some Appropriations are quite exhauſted.

His Majeſty having thought fit to order that the Garriſon of Caſtle-William, in the Pay of the Province, ſhould be withdrawn, and that this Fortreſs ſhould be garriſoned by his Majeſty's regular Forces, I am prevented from deſiring you to make the uſual Eſtabliſhment. The laſt Eſtabliſhment expired the 20th Day of June laſt. I know you did not expect I ſhould then diſmiſs the Officers and Men. I muſt now deſire you to continue their Pay and Subſiſtance from the Expiration of the Eſtabliſhment; and, as they are diſcharged at a Seaſon of the Year when it will be difficult for them to find Employ, I could wiſh that the Continuance might extend, at leaſt, to the Twentieth of November, the uſual Time of making up the Roll. It is no more than Juſtice to the Garriſon to ſay they have behaved well, and have ſome Claim to Favour.

The Eſtabliſhment for Fort Pownall being alſo expired, I muſt recommend to you to provide for the Revival and Continuance of it.

Gentlemen of the Council, and Houſe of Repreſentatives,

As the Affairs which lie before you are of great Moment, and deſerve your ſerious and mature Deliberation, ſo they muſt take up much Time. It is therefore more neceſſary that you ſhould begin without Delay, and ſhould proceed with all Diligence. I wiſh there may be a good Harmony in the Legiſlature, and that we may unite in ſuch Meaſures as our common Intereſt, the Intereſt of the Province, requires of us.

T. HUTCHINSON.

BOSTON, *October* 1.

Yeſterday Morning at 6 o'Clock died very ſuddenly at Newbury, of an Aſthmatic Fit, almoſt univerſally regretted, that Man of God the Rev. Mr. GEORGE WHITEFIELD, in the 56th Year of his Age;——He had been on a Viſit to Portſmouth, at which Place, and at Kittery and York, he preached every Day laſt Week; and was to have preached Yeſterday Morning at Newbury, on his return hither, had not this ſorrowful Event taken Place.

By Capt. Cook, who arrived here laſt Thurſday Evening in 4 Days from Halifax, we learn, that it was reported there, that all the Troops now in that Place, conſiſting of Two Regiments and Part of a 3d, had Orders to be in readineſs to embark for Boſton. And that Commodore Hood, in the Romney Man of War, was ſhortly to ſail from thence to this Place.

"On Friday last his Majesty's armed Schooner St. John, arrived here from Halifax. In said Schooner came Fourteen Men belonging to the Royal Train of Artillery."

NEW-YORK, *September* 24.

The following is an Abstract of a Letter to a Merchant in New-York, from his Friend in London, whose Veracity and Candour, cannot be doubted.

London, July 31, 1770.

—"Am sorry to find Parties run so high amongst you. Things must be got to a sad Pitch indeed, to produce such Threats——I think the Manner of your Proceedings have been very modest and justifiable, and becoming a People that love Peace and Harmony.—I am sorry you still continue in the Mind to consult the People of Boston, who act so treacherously by you: In my Opinion they are not worthy of your Notice. We have a late Instance of their Behaviour; they pretended to return a Ship with all the Cargo she took from hence, which was very large, but when she had reported at the Custom-House, and the Goods landed, the Searchers coming to examine them, they found in the Trunks reported to be Haberdashery, and various other Goods, Brick-Bats and Straw tied up, and in some other Packages, Hams, and other Trumpery, to make the Packages seem full. Now, if such deceitful People as these are worthy to be consulted, I leave you to judge. You may depend on the Truth of this: One of my Neighbours, a Man of good Credit and Reputation, was at the Custom-House, and saw the Brick-Bats, Straw, Hams, &c. in the Packages.——There are divers Ships now gone, and going to Boston, with large Quantities of Goods.——That whilst you are contending and consulting them, they are running away with your Trade."

The SPEECH *of his Excellency* WILLIAM FRANKLIN, *Esq; Captain General, Governor and Commander in Chief in and over the Colony of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the Same, &c.*

To the COUNCIL and GENERAL ASSEMBLY of the said Colony, in General Assembly convened at Perth-Amboy.

Gentlemen of the Council, and Gentlemen of the General Assembly,

SINCE the last Session I have received his Majesty's royal Disallowance of the Act for striking One Hundred Thousand Pounds in Bills of Credit. The Grounds of this Disallowance will be explained to you by the Report of the Board of Trade upon that Law. If, on Consideration, you should be of Opinion, that a new Act may be so framed as to obviate those Objections, and yet answer those salutary Purposes intended by the other, you may be assured it will give me Pleasure to be able to afford it my Concurrence; and that I will use all my Endeavours to obtain his Majesty's Confirmation of it, which may be in my Power.

Gentlemen of the General Assembly,

I have only to request at present, that you would make due Provisions for the Support of Government, and for the Supply of his Majesty's Troops stationed in this Province.

Gentlemen of the Council, and Gentlemen of the General Assembly,

The Experience I have had of your good Dispositions, renders it unnecessary to recommend to you, a Preservation of that Harmony and good Understanding, which is so beneficial to the Publick: I have therefore only to wish, that our mutual Endeavours to promote his Majesty's Service, and the Welfare of his Subjects in this Province, may be attended with Success equal to our Intentions.

COUNCIL-CHAMBER,
Sept. 28, 1770. W. FRANKLIN.

ANNAPOLIS, OCTOBER 18.

We hear that Colonel *William Hopper*, of *Queen-Anne*'s County, is elected a Member of the General Assembly of this Province, in the Room of the late Speaker.

On Friday last, *John Boswell*, and *Francis Chance*, were executed, on the Gallows, near this City, pursuant to their Sentence, for Burglary.

From the LONDON CHRONICLE *of August* 2.

The following is a Copy of a Letter, which is said to be now circulating in Yorkshire, preparatory to the approaching Meeting of the Freeholders on the 26th of this Month.

July 1770.

To the Gentlemen, Clergy, and Freeholders of the County of York.

GENTLEMEN,

"IT has been the Characteristic of your Conduct in the present unhappy Times, to have connected the most spirited Efforts for the Preservation of the Constitution, with the most respectful Attachment to the Person of our Sovereign, and the tenderest Regard for the Peace of the Kingdom. A Review of that Conduct may serve to strengthen you in the same temperate Perseverance.

"You saw the repeated Expulsions of a County Representative legally returned to Parliament, upon a complicated indefinite Charge: You saw those Expulsions, repugnant to the Principles of the Constitution, followed by the unprecedented Admission of a Stranger, actually rejected by the Freeholders. The first Transports of your Astonishment at these new Assertions of a Power in one Branch of the Legislature to create Incapacities by Vote, and to give to Ordinances the Force of Laws, were succeeded by the Hope, that a speedy Reversal of so dangerous an Usurpation, would have fixed for ever the great Land-marks of Law and Liberty. But the subsequent and deliberate Avowal of the same Doctrines upon solemn Argument, gave the last Blow to the sacred Right of Election.

"As soon as the Prorogation had taken Place, you returned your Thanks to the Yorkshire Representatives, for having preserved the Purity of their Conduct in the midst of Contagion. And you gave the most solemn Utterance to your Distress, by carrying, in a Body of 12,000 loyal Freeholders, your Complaints to the Feet of your Sovereign. The respectful and affectionate Terms in which those Complaints were expressed, conveyed throughout the Kingdom, Hope to the afflicted, Moderation to the intemperate, and Confusion to the guilty.

"No Redress hath yet been obtained. The same abhorred Principle, by which the House of Commons may become the Representatives of a small Part only of the Electors, hath since been confirmed with every Circumstance of Insult and Aggravation. And when the People of England looked after the poor Consolation of a declaratory Bill to prevent the Repetition of the Injury, even that was denied; the Bill was strangled.

"Under a well-grounded Fear that Doctrines so destructive to our Liberties may be established by Time and Acquiescence, you are now about to carry a further Appeal to that sacred Person, in whose Hands alone the constitutional Means of Redress are lodged, and from whose Justice and Goodness, we alone hope for the Exertion of those Means.

"Proceed to this End and prosper; but continue to unite Respect with Firmness, continue to deserve the Approbation of the Wise and Good."

TO THE PRINTER.

Prince-George's County, *October* 15, 1770.

IT gives us great Pleasure that we can inform the Publick, that all the Goods belonging to the Merchants of this Place, which have, from Time to Time, been rejected and stored by us, as being imported contrary to the General Association for Non-importation, (except Two small Jars of Raisins, which were left by Mistake) are now re-shipped for *London*, which we sincerely hope will help to convince the Mother-Country, that the *Americans* detest and abhor all her unconstitutional Measures.

We are, yours, &c.

The COMMITTEE of INSPECTION for *Queen-Anne*, and the Neighbourhood thereof.

TO THE PRINTER.

Prince-George's County, *October* 10, 1770.

Please to insert the following Piece in your Gazette, and you'll much oblige your Friend and Customer. A. B.

AS the great Increase of Negroes among us, and the great Liberties allowed them, particularly in their Dress, have made them so much above their Station, that it is now almost dangerous to correct them for the greatest Fault, or even to affront them; I would therefore ask, whether it is not highly necessary, that our Legislature should, at this Time, fall upon some Method to take down their growing Pride and Impudence? I think the many late Instances of their Behaviour, such as House-burning, murdering Overseers, and House-breaking, fully shows the Necessity of their doing it, without considering the great Number of lesser Crimes they are continually committing: For, in the Neighbourhood where I live, it is almost impossible to raise a Stock of Sheep or Hogs, the Negroes are constantly killing them to sell to some white People, who are little better than themselves, purely to raise Money to buy fine Cloaths, and when dressed in them, make them so bold and impudent that they insult every poor white Person they meet with, which strongly induces me to think, that the proper Method to take with them, would be to have a Law to confine them to mean Dress, such as Cotton, Fearnought, Half-thick, or coarse Country Cloth, Osnabrig, Hempen-Roll, Crocus, or Country Linen, not finer than Osnabrig, yellow Shoes, Country Stockings, and Felt Hats, and this Law to be put in Force, by obliging all Constables, and impowering all white People to take up every Negro who shall be otherwise dressed, and to carry them before the next Magistrate, impowering him to destroy all such Apparel not allowable by the said Law, and to correct them; also, for laying a heavy Fine upon the Owners, for giving them any Thing finer than what shall be allowed by said Law. And now considering the abovementioned Crimes, and the Alteration in their Manners, to what they were a few Years ago, I think every Person, who has not more Pride than Prudence, will join with me in the Expediency of such a Law, as the best Method to bring them to good Behaviour, especially as it is not attended with the least Cruelty. For my own Part, I am fully convinced of the Efficacy of such a Law, from what I have seen of some of our own Colour, for I have been in Company with Men when they have been meanly dressed, and they have been as still and as humble as a Bee, and at other Times have seen them with their Sunday or Holyday Cloaths on, and they have been as impudent and bold as a Lion; such is the Difference fine Cloaths make in the Vulgar, and such is the Difference, I am sure, they make in the Negroes. A. B.
